

BREED REGISTER OF MERIT (BROM)

PREAMBLE:

The WCA BROM is primarily for the purpose of recognizing those sires and dams which produce fine offspring.

It is bench oriented although limited credit is given for field, obedience, tracking, agility and WCA ratings. Nothing the sire or dam does is counted. Only the accomplishments of the sons and daughters are compiled.

Compilations will be made monthly. Only U.S.A. awards and wins will count.

The BROM is open to all Weimaraners who qualify.

Submission of Data.

All data will be recorded and stored electronically. All bench wins and AKC titles earned will be keyed into the BROM system from the AKC Awards; Futurity, Maturity and WCA Rating titles will be keyed from The Weimaraner Magazine. No wins or titles will be entered into the BROM system until published in the AKC Awards or The Weimaraner Magazine. Owners do not need to send verification of parentage unless requested by BROM chairman.

Upon completion of the BROM title, the sire/dam's name will be listed in The Weimaraner Magazine. A BROM pin will be sent to the first recorded owner. Duplicate pins may be ordered by co-owners from the BROM chairman for a price set by the WCA board. A list of all BROM titled sires and dams will appear monthly on the Weimaraner Club of America web site.
